

Tylenol Permission Form

Dear Parents,

Since we do not have a full-time nurse on duty, the Dept. of Health requires that we have a doctor's signature to allow us to administer Children's Tylenol, Adult Tylenol, or ibuprofen to a student.

It is extremely important that we have this form signed by the doctor for each student. We are not authorized to administer Tylenol without this form signed by a doctor. A parent may also come in to the school to administer medicine to their child.

Please return this form as soon as possible to the school office. Doctors may also fax this form to us at 753-5728.

Student's Name _____ Grade _____ may take:

Children's Tylenol - dosage: _____ Adult Tylenol - dosage: _____

Children's Ibuprofen - dosage: _____ Adult Ibuprofen -dosage: _____

Doctor's Signature

(Doctor's Printed Name)
